Goldilocks and the Three Bears

Sang to the tune of 99 Bottles of Beer on the Wall

When Goldilocks crept through the house of the bears,
oh, what did her blue eyes see?
a bowl that was big
a bowl in the middle
a bowl that was small, and that was all
she counted them: one, two, three.

When Goldilocks crept through the house of the bears,
oh, what did her blue eyes see?
A chair that was big,
a chair in the middle,
a chair that was small, and that was all
She counted them: one, two, three.

When Goldilocks crept through the house of the bears,
oh, what did her blue eyes see?
A bed that was big,
A bed in the middle,
A bed that was small, and that was all,
She counted them: one, two, three.

When Goldilocks crept through the house of the bears,
oh, what did her blue eyes see?
A bear that was big,
A bear in the middle,
a bear that was small, and that was all
Who snarled at her, one two three!
